

# REAL TIME PEACE OF MIND™

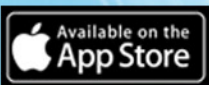

## Aquanot® 508 Active

The Aquanot® Active 508 DC sump pump system takes over when the main power is interrupted, or for any reason the primary pump isn't getting the job done. The powerful Active smart-controller overcomes problems caused by dormancy and system neglect. And, it's all **internet connected** through the all new Z Control® Platform. For the first time, users have 24/7 monitoring, and remote control of equipment . . . all for free with the Z Control® mobile app or web interface.

- ✓ 5-Year Warranty
- ✓ UNBEATABLE:
  - ✓ Pump performance
  - ✓ Battery efficiency
- ✓ Self-testing & multi-stage battery charging
- ✓ Multiple built-in redundancies
- ✓ Early warning diagnostics and alert notifications
- ✓ Free Z Control® account at [www.ZcontrolCloud.com](http://www.ZcontrolCloud.com)
- ✓ Free email, text and push notifications
- ✓ 100% Factory Tested
